### Photograph Permission

#### Parents:

There are several occasions throughout the year that we would like to take photographs of students participating in campus activities. The pictures may be used in newsletters, in the newspaper, or on the Elementary Webpage link.

If you do not want your child's photograph taken and shared in these communications, please notify the school by signing and returning this document to the school office. We will place it on file and honor your request.

→ We will assume that if you do not return this document, that you give the school permission to share your child's photograph in various communications that the school will use throughout the school year.

Thank you for your attention to this matter.  
Ernest Singleton, Principal
